

JS Roofing

WRITTEN BY KAI CURRY

“Your roof is one of the most important if not the most important part of your home,” says Jaime Holguin, co-owner of JS Roofing out of Fox Island. “We replace and repair all types of roofs with the best warranty,” he added. Jaime has been in business with JS Roofing for eight years. They got started because they “wanted to provide quality service and materials at a fair price.” JS Roofing offers asphalt shingles or metal roofing for residential properties. They have a variety of styles, colors, and warranty information “all under one roof,” so to speak!

“I have nothing but great things to say about JS Roofing, and couldn’t have chosen a better company for my roof and gutter projects,” raves Julie from Gig Harbor. “Top quality work and clean up. Not a speck of debris left. Jaime was wonderful to work with and I knew I was in the best care with JS Roofing. Highly recommended!”

Jaime has been knowledgeable about the roofing industry since he was 12 years old and used to work on roofs with his brothers over the summers. He continued this work throughout his schooling at the University of Southern California, where he got a degree in Economics, and after, when he decided that a preliminary attempt in the law profession wasn’t for him.

“At JS Roofing we take pride in assisting our customers with the task of choosing just the right solutions for their unique roofing needs!” their website says. The people at JS Roofing know that deciding to replace your home’s roof is a big decision. Probably most people avoid such a large undertaking until the moment they find a leak or an obvious area of damage. “Our company understands that your home can be your family’s most important investment. A high-quality roof system is a necessity to protect that investment.” The use of high-quality materials and professional workmanship will ensure that you do not have problems with your new roof for years to come.

Jaime highly recommends that you get a warranty for your roof. Make sure that it covers “both workmanship and materials,” he advised. Once your new roof is installed (or with any roof!), “maintenance is the key to prevent excessive damage and prolong the life of your roof,” Jaime suggested. JS Roofing, which consists of 10 employees, is a designated Master Elite Contractor with a President’s Club achievement. They offer financing for all and a rebate on re-roofing if

you are a military veteran. They also take jobs for siding and decks. “Our roofing process consists of the removal of the existing roof system, inspection of the wood structure beneath the old system, and the replacement of fascia and barge boards if necessary. We then install the new roof system, providing your home with a quality roof system for life.”

“I have nothing but great things to say about this company and their crew,” said Pat, also from Gig Harbor, where JS does a lot of their business. Pat continued, “They installed a new roof and the cleanup was immaculate. It took three days to complete our roof and every evening the crew cleaned up everything. I highly recommend JS Roofing. Very professional.”

Even those who have worked as contractors choose JS Roofing when their own home needs a new roof. Listen to Cheryl and Tom heap praise upon Jaime and his team: “I spent 40 years managing large construction projects involving hundreds of subcontractors. NEVER have I seen a firm that was better at communications, organization, cleanup and apparent quality of their work. Further, JS began work promptly when they said they would and finished ahead of schedule! We highly recommend JS Roofing.” Most every customer review mentions their satisfaction with the bid process, the warranty, and the timeliness of the job done.

Jaime has been a Washingtonian for 32 years. He grew up in Oxnard, California. His wife, Sylvia, was also living in California and attending the University of California – Los Angeles when the couple met and married. They have been married for over 35 years and have two children: Jaime Jr. and Kayla. They count their daughter-in-law Kaelyn and son-in-law Derek as their own kids and proudly mention their “beautiful grandsons, Javier and Mateo” when asked about their family. Jaime likes to go on hikes with Sylvia in our beautiful Pacific Northwest woods and waterways. He loves sports, especially the Mariners, and plays golf when he can.
